

Article title

LAST NAME, FIRST NAME, MIDDLE NAME OF THE FIRST AUTHOR^{1,*}, LAST NAME, FIRST NAME, MIDDLE NAME OF THE SECOND AUTHOR^{2,3}, ...

¹Affiliation of the first author, Postal code, City, Country

²First affiliation of the second author, Postal code, City, Country

³Second affiliation of the second author, Postal code, City, Country

*Corresponding author: Last name, first name, middle name, e-mail: e-mail address

Received ???, ???, revised ???, ???, accepted ???, ???.

Article resume

Keywords: keywords (6 or less)

Citation: Authors Title. Computational Technologies. ???; ??(?):1–2.
DOI:10.25743/ICT.?????.???.???

The text of the manuscript must be structured: it should consist of **introduction, main sections and conclusion**. All sections, except for the introduction and the conclusion, have to be consecutively numbered. The volume of the article, including figures and tables, should not exceed 16 pages of typewritten text (A4), font size 12 pt. (Greater volume is allowed for review articles.)

Fig. 1. Figure caption

T a b l e 1. Table caption

| i | $N_1 \times N_2$ | R_i | R_{i-1}/R_i |
|-----|------------------|---------------------|---------------|
| 1 | 20×20 | $7.2 \cdot 10^{-4}$ | — |
| 2 | 40×40 | $9.9 \cdot 10^{-5}$ | 7.3 |
| 3 | 80×80 | $1.4 \cdot 10^{-5}$ | 7.1 |
| 4 | 160×160 | $1.7 \cdot 10^{-6}$ | 8.2 |

Acknowledgements. The work is supported by Russian Science Foundation, grant No.
